DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

Summary of Findings and Recommendations

January 24, 1967

Board of Selectmen
Lyman, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Lyman for the fiscal year ended December 31, 1966, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets

December 31, 1965 - December 31, 1966

(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1965, and December 31, 1966, are presented in Exhibit A-1. As indicated therein the Surplus increased by \$3,559.84 in 1966.

Analysis of Change in Financial Condition

(Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

INCREASE IN SURPLUS

Net Budget Surplus	\$4,081.52
--------------------	------------

DECREASE IN SURPLUS

Surplus Used to Reduce Tax Rate	\$500.00
Decrease of Cash in Hands of Town Clerk	8.21
Increase In Liability a/c Social Security & Withholding Tax	<u>13.47</u>
	<u>521.68</u>
Net Increase	\$3,559.84

COMPARATIVE STATEMENTS OF APPROPRIATIONS AND EXPENDITURES-ESTIMATED AND ACTUAL REVENUES:

(EXHIBITS A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1966, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net unexpended balance of appropriations of \$3,028.59, plus a revenue surplus of \$1,052.93, resulted in a net budget surplus of \$4,081.52.

SUMMARY OF RECEIPTS AND EXPENDITURES

(EXHIBIT B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1966, made up in accordance with the uniform classification of accounts is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1966, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by return of verification notices.

General Comments

Current Surplus:

Inasmuch as there were no outstanding bonds or long term notes, the Balance Sheet Surplus of \$9,347.76 represented the Current Surplus (excess of total assets over current liabilities) as of December 31, 1966.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letters of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Lyman for their assistance during the course of the audit.

Respectfully submitted,
HAROLD G. FOWLER, Director

LYMAN FOREST FIRE REPORT

Fire records are made by people -- those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres -- a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out
3. Don't leave a live camp or cooking fire.
4. Most important - Instruct your children that matches are not play things.

1 Fire April 25, 1966 at H.H. Blanchards - 3 acres.

Cost to Town, \$29.42.

37 Fire Permits issued.

TRULY - ONLY YOU CAN PREVENT FOREST FIRES

PROGRAM OF THE WHITE MOUNTAINS REGION
ASSOCIATION 1966 (29th year)

Printed and distributed more than 300,000 folders and booklets promoting the White Mountains Region.

Received and answered 15,000 individual inquiries which represents an increase of more than one hundred per cent over last year.

Wrote sixteen news releases for the use of local media and five newsletters to the members, promoting economic development ideas in the region.

Supported the 4-H awards program to encourage development of agriculture.

Assisted in programs of natural beauty and good land-use practices.

Presently am initiating a program of ski area engineering research to combat the snow erosion problems at ski areas.

Worked in cooperation with many other groups working to promote the economy of the White Mountains Region and the State of New Hampshire.

Respectfully submitted,
John P. Wilson
Executive Secretary
Lancaster, New Hampshire

LYMAN CIVIL DEFENSE

Plans for the present emergency civil defense program for the town of Lyman were initiated just prior to March, 1966. At that time, Mr. George Moses, Deputy Director of the State Civil Defense Agency, briefed local personnel on setting up a program that could prove useful to a small community.

The first opportunity offered to townspeople was the Medical Self-Help Training Program designed to advise citizens of the value and necessity to prepare for survival if disaster strikes---a time when there is no doctor available. With the assistance of Mrs. Louise Clark, Lisbon nurse; Dr. Eugene McGregor, M.D.; the following course topics were presented:

Radioactive Fallout and Shelter	Healthful Living in Emergencies
Artificial Respiration	Bleeding and Bandaging
Fractures and Splinting	Transportation of the Injured
Burns	Nursing Care of the Sick and Injured
Shock	Emergency Childbirth

Twenty-five people enrolled for the course that began on March 22, 1966. Twenty participants were from Lyman.

By keeping our town records pertaining to civil defense current, the town has become eligible for surplus government property, even new items for a very nominal fee. Small communities such as our own have procured emergency radio equipment, tools for fire-fighting, pump trucks or related items at a fraction of the cost through regular channels.

Presently Mrs. Joseph Richards, Jr. and Mrs. Kathleen Locke provide us with essential notification from the state warning center at Littleton. Should we ever be faced with attack this would give advance notice to protect ourselves and our families.

Upon completion of C.D. courses in radiological monitoring, survival, and first aid training, the director made application to the N.H. State Civil Defense Agency for radiological detection equipment. With such instruments we are able to detect radiation not only harmful to ourselves but our livestock as well.

I am pleased to acknowledge the town's recent receipt of survey meters, geiger counters, dosimeters, dosimeter chargers that give us the actual capability to detect such radiation.

Civil Defense daily proves its value in emergencies in small rural communities.

In this first report I wish to thank our local selectmen for their suggestions and help---to urge interested citizens to assist me in executing an effective survival plan that would give us protection should the need ever arise.

Respectfully submitted,
 RODNEY E. RUSSELL, Director
 Lyman Civil Defense

LYMAN PUBLIC LIBRARY
LIBRARIAN'S REPORT-1966

The library "opening day" was June 9th. The elementary school teachers brought the students in two shifts from the school so that they could secure books for the first days of their summer vacation. There were 49 who attended and the three trustees and librarian served punch and cookies.

The library was open on the 2nd and 4th Thursday from 1 to 3 P.M. through June, July and August. The New Hampshire State Library bookmobile service was continued with five service calls. Total number of books loaned - 490.

During the year a number of books were given - notably, an Unabridged Webster's Dictionary from Mr. and Mrs. R. A. Locke of Haverford, Pa. and a World Book Encyclopedia (1952 edition) from Mr. and Mrs. A. Sidney Johnson of Swarthmore, Pa; Miss Lenora P. Bell of Groveton gave a gift of \$10.00 to secure children's books.

With the close cooperation already established with the public school, the trustees and librarian arranged to have the dictionary and Encyclopedia at the school until the library opens in the summer. The teachers are most appreciative of these gifts in particular.

The librarian would like to thank those who gave money and books, and also to extend thanks to the teachers for their fine spirit of cooperation, and appreciation to the trustees and selectmen for their interest and assistance in the library work.

REPORT OF SUPERINTENDENT

To the School Board and Citizens of Lyman School District:

It is with pleasure that I submit my report to you as Superintendent of Schools.

During the past year (1965-66) there were 47 pupils enrolled in Lyman Central School. The average membership was 46.7.

This school year there are 48 pupils attending Lyman Central School, 25 pupils in Grades 1-4, and 23 pupils in Grades 5-8. At the present time there are 19 pupils attending Lisbon High School.

The Lyman District is studying with the Lisbon-Littleton AREA-Coop group in an attempt to meet the minimum standards and re-organization of the school districts according to the recommendations set forth by the Interim Commission that was legalized by the New Hampshire State Legislature.

This group has made progress and will in the near future present a report to each of the school districts making up the study and at that time the voters of Lyman will have the opportunity to discuss and vote. Your representatives on this study have been: Mrs. Juanita Hubbard, Mrs. Clara Birch, and Mr. Rodney Russell.

The Supervisory Union office has been consolidated into one unit at 33 Main Street, Littleton, N.H. This expanded Supervisory Union is in keeping with the State Board of Education's plan of re-organization as recommended by the Interim Commission of the 1963 General Court.

Mr. Paul Henry has been appointed the Assistant Superintendent of Schools and Mr. Oliver Cole the Business Administrator. This organization will, I am sure, better meet the needs and purposes that have been set forth by the State program for improving education.

An area which has become quite controversial and one which affects our schools in many ways, is Federal Aid to Education which I would like to review with you at this time.

Federal Aid to Education has become substantial this school year. Although, this may be an area many would wish away, I firmly believe that the amount in years to come will dwarf the 1966 figures.

A question often asked of me is, "What is this Federal Education Law?" In answer; there are many laws assisting and affecting education financially.

1. The Elementary-Secondary Act of 1965, or more commonly called the 89.10 bill.

There are 5 titles in this bill that grant aid from the local school district up to and including the State Department of Education. However, only titles 1, 2, and 3 affect us locally.

Title 1 is specifically allocated to the local districts and we have received in the White Mountains Supervisory Union #35 during 1966-67, \$41,769.93 and

will receive similar amounts for the 1967-68 school year. The U.S. Congress will determine future allocations after 1968 (as with all titles). The money received under this Title 1 must be used for the educationally deprived and is being channeled into programs which are badly needed.

Title 2 is for the entire Supervisory Union as a unit and we received \$6,091.00 for the 1965-66 school year. Our entitlement for the current school year is \$7,259.40. These monies must, by law, purchase library, audio-visual aids, supplies, materials, etc., only after inventories are completed. This project is directed by Mr. Gordon Flight of Bethlehem and a program has been initiated which rotates materials and equipment throughout our 10 district Union.

Title 3 is for area or regional programs and although it is centralized in our Supervisory Union office, the area served is the entire North Country (7 Supervisory Unions from Woodsville and Conway, north). This program, Project "ARISE," has an operating budget of \$74,850.00 and is concerned primarily with social enrichment. Mr. Stanley Tufts, Project Director, and his staff have already initiated programs in which your children have become involved in an interesting and challenging enrichment project that will have lasting effects.

2. The next major Federal Education Law, that affects us here, is the Vocational Education Act of 1963. This act granted the White Mountains Regional School District \$240,000.00 during 1965, of which \$205,000.00 is presently being used to construct their new High School Building, and \$35,000.00 to purchase vocational equipment as the new building nears completion. Without doubt, additional dollars from this act will assist with employment of staff, etc.

3. The Economic Opportunity Act has several titles of which Title 2 has affected our schools considerably. The 1966 Summer Head Start Programs operated under this act. Mr. C. Douglas McIntyre of Whitefield is the director, and operates one of the largest Head Start programs in New Hampshire at a cost of \$16,354.00 and involving approximately 61 children.

The three above education acts, although the largest in dollars, are not by any means the only Federal programs your schools deal with annually. The 1917 Smith-Hughes and George Bardeen Acts, the National Defense Education Act, the Manpower Development & Training Act, School Lunch and Government Surplus programs, all of long standing, direct much of the supplies, equipment, food, milk and dollars into your school budgets. Each is very important and each contributes to the education and welfare of your children.

In closing, may I take this opportunity to thank the Board of Education, the State Department of Education, our Administrators, and the staff of the Superintendent's office for their continued cooperation and support.
